About CCOF

CCOF (California Certified Organic Farmers), a nonprofit organization, was founded in 1973 and is one of the nation’s oldest and largest third-party organic certifying agencies. CCOF certifies, educates, advocates and promotes organic in California and elsewhere through:

- A premier organic certification program for growers, processors, handlers, and retailers.
- Programs to increase awareness of and demand for certified organic product and to expand public support for organic agriculture.
- Advocacy for governmental policies that protect and encourage organic agriculture.
