

NON-ORGANIC PRODUCT DECLARATION

USDA National Organic Program Compliance of Non-organic Ingredient or Processing Aid

Product: _____

Manufacturer: _____

Indicate whether the three statements for "All Products" are True or False. Then find the type of product that applies (citric acid, color, flavor, etc.), and indicate whether the statements are True or False for that product type.

The product indicated above conforms to the following criteria:

	True	False
<input type="checkbox"/> All Products		
1. No genetically engineered micro-organisms were used in production.	_____	_____
2. This product has not been irradiated.	_____	_____
3. Sewage sludge was not used in production of the product or ingredients.	_____	_____
<input type="checkbox"/> Citric Acid		
• Produced by microbial fermentation of carbohydrate substance.	_____	_____
<input type="checkbox"/> Colors		
• Derived from non-synthetic* source(s) only.	_____	_____
<input type="checkbox"/> Flavors		
• Derived from non-synthetic* source(s) only.	_____	_____
• No synthetic solvents or carrier systems were used in production.	_____	_____
• Does not contain any artificial preservative(s).	_____	_____
<input type="checkbox"/> Enzymes		
• Derived from edible, nontoxic plants, nonpathogenic fungi, or nonpathogenic bacteria.	_____	_____
<input type="checkbox"/> Yeasts		
• This yeast is non-synthetic*.	_____	_____
• No growth on petrochemical substrate and/or sulfite waste liquor.	_____	_____

The above statements regarding the above-named product produced by my company are true to the best of my knowledge, and are based on information provided by our supplier or vendor.

Name (please print) Title/Department

Signature Date

*Nonsynthetic (natural). A substance that is derived from mineral, plant, or animal matter and does not undergo a synthetic process as defined in section 6502(21) of the Act (7 U.S.C. 6502(21)). For the purposes of this part, nonsynthetic is used as a synonym for natural as the term is used in the Act.

*Synthetic. A substance that is formulated or manufactured by a chemical process or by a process that chemically changes a substance extracted from naturally occurring plant, animal, or mineral sources, except that such term shall not apply to substances created by naturally occurring biological processes.
