CCOF

CCOF has protected the integrity of organic food and agriculture since our founding in 1973. We led the industry in the creation of organic certification standards, have a long history of helping implement organic legislation, and emphasize public education on the benefits of organic food for our own health, the health of our families, and the health of our planet. CCOF relies on the financial assistance from our Supporting Members to help us fulfill our mission to certify, educate, advocate, and promote organic.

Become an Individual or Family Supporting Member

Becoming a CCOF Supporting Member keeps you informed about organic practices and changing legislation and connects you to other people who share your interest in organic food. Supporting Membership benefits are detailed below.
