

# CCOF Support CCOF

**Become part of the nation's leading organic community by joining CCOF today as a Supporting Member.**

CCOF has protected organic food and agriculture since our founding in 1973. We have been an industry leader in the implementation of organic legislation, the creation of organic certification standards and the expansion of public education. CCOF relies on the financial assistance from our Supporting Members to help us fulfill our mission to certify, educate, advocate and promote organic.

Being part of the CCOF community keeps you informed about cutting-edge organic practices and changing legislation, connects you to other people who share your interest in organic agriculture and includes a free subscription to CCOF's quarterly "Certified Organic"

magazine. CCOF offers several Supporting Membership levels and benefit packages for both individuals and businesses.

Please join us as a Supporting Member and help us to ensure our continued leadership in the organic movement.

Supporting businesses receive expanded listings in the CCOF Organic Directory and use of our Supporting Member logo.
