

Operation Name: \_\_\_\_\_ Date: \_\_\_\_\_

- ▶ Any grower operation that is producing mushrooms sold as organic needs to complete this form. Operations wild harvesting mushrooms do not need to complete this form.
- ▶ Each location where organic mushrooms are produced or collected must be located within the boundaries of a certified parcel.

**A. Mushroom Production**

- 1) Mark all types of mushroom production performed by your operation:
  - Within building, greenhouse, structure     Outside (no temperature or humidity control)     Containers (bags, trays, etc.)
- 2) Do you grow both organic and nonorganic mushrooms?
  - No, only organic mushrooms are produced.     Yes
  - a) If yes, what measures do you implement to prevent contamination and commingling? Include a description of the records you maintain.

---
- 3) Provide a detailed description of your mushroom production system from spawn to harvest. If your system includes multiple stages, note the activities and materials used in each distinct stage.
  - Description attached     Photographs attached     Flow Chart attached

---
- 4) What is the expected life of the production system? (i.e. how long until starting a new cycle?)
 

---
- 5) Mark all the following types of spawn that you use or plan to use in organic production:
  - Produced organically by my operation. Include all spawn substrate on your [Grower Materials Application \(OSP Materials List\)](#).
    - For on-farm use
    - For sale
  - Certified organic. Maintain organic certificate for each supplier.
  - Non-organic (purchased or produced on-farm). Complete [G3.0 Seeds and Planting Stock](#), section B to describe how you evaluate commercial availability of an organic equivalent, and Section C to describe how you document the mushroom species used is not genetically modified.
- 6) What media or substrate do you use to grow your mushrooms?
 

*Include all substrate ingredients and media on your [Grower Materials Application \(OSP Materials List\)](#)*

  - Compost. Complete [G4.1 Compost and Manure](#).     Straw     Logs     Other, describe:

---
- 7) Do you sterilize or use sealants on substrate used to grow mushrooms?
  - No
  - Yes. Describe your sterilization method. Include all materials used on your [Grower Materials Application \(OSP Materials List\)](#).

---
- 8) Are irrigation systems shared between organic and nonorganic production?
  - No     Yes. Describe how you prevent contamination of organic mushrooms.

---
- 9) Are any additives (e.g. boiler water additives, ph adjusters) or nutrients added to water used for direct application or for humidity moderation?
  - No, no water additives used.
  - Yes. All water additives and nutrients must be approved for use and included on your [Grower Materials Application \(OSP Materials List\)](#).
