## Supplier Attestation for USDA NOP Livestock Products Destined for Taiwan

The US-Taiwan Organic Equivalency Arrangement allows USDA NOP product to be exported to Taiwan if the product meets the terms of the US-Taiwan Organic Equivalency Arrangement. Suppliers of livestock ingredients to the final exporter may self-attest that the ingredient meets the requirements listed below.

See [www.ccof.org/taiwan](http://www.ccof.org/taiwan) for more information.

### CCOF Client:

Forward this attestation to your supplier of livestock ingredients used in products exported to Taiwan. They must complete and sign this form and you must retain a copy for your records.

### Ingredient Supplier:

Complete this attestation regarding livestock products provided to the CCOF certified operation who sent you this document. Any authorized, knowledgeable member of the supply chain for livestock products may complete this attestation. Sign and return to the CCOF certified operation.

### Attestation:

Company Name: _____	
Contact Person: _____	
Phone #: _____	Email: _____
CCOF certified operation: _____	
Organic livestock product(s) provided to the CCOF operation:   	
I attest that all livestock products listed above and provided to the CCOF certified operation listed above are produced in compliance with the terms of the US-Taiwan Organic Equivalency Arrangement, including: <ul style="list-style-type: none"><li>• Livestock products or any livestock products used as ingredients (e.g. eggs, milk, meat) must be derived from animals not treated systemically with analgesics, including procaine and lidocaine.</li></ul>	
I am qualified to attest the validity of the statement above regarding livestock products provided to the CCOF operation.
