Standards for Labelling of Organic Food, etc.
(related to Article 18(1))

1. Organic logo
A. Organic agricultural products, organic livestock products, organic forest products, organic processed food, and organic processed products not intended for human consumption:

B. The indication “organic” in the logo of subparagraph 1(A) may be replaced by “organic food”, “organic agricultural product”, “organic livestock product”, “organic processed food”, “organic feed”, or “organic processed product not intended for human consumption” according to the relevant item.

C. Graphic guidelines
   (1) Layout
      (a) The height of the logo is $0.95 \times W$ based on its width (which means the width between the left and right ends of the quadrangle: $W$)
      (b) The space between the white figure and the delimiting outer lines (only applicable to the left, right, and upper lines) is $0.1 \times W$. 

(c) The starting point of the *taegeuk* circle in the lower white section of the logo in the left is 0.55×W below from the upper section, and the end point of the *taegeuk* circle in the right is 0.75×W below from the upper section.

(2) The typeface of both Korean and English versions is Gothic, and the letter size may be adjusted according to the size of the logo.

(3) The basic color version of the logo is green, which may be replaced by blue, red or black in consideration of the background color of the package, etc.

(4) The color of the indications "유기식품", "(ORGANIC)" and "ORGANIC" is the same with the color of the logo, and the color of the indications "농림축산식품부" and "MAFRA KOREA" is white.

(5) The color version for green is C80+Y100; for blue C100+M70; and for red M100+Y100+K10.

(6) The size of the logo may be changed or modified according to the size of the package.

(7) The logo must be applied to the side of the principal display panel of the package. If this panel is not usable due to package construction, then other panel of the package may be used.

(8) The name of the certification body and the certificate number must be indicated below the logo or on the left or right side of the logo.

2. Textual elements

<table>
<thead>
<tr>
<th>Classification</th>
