Operation Name: _____ **Date:** _____

► Please complete this form to for all wild crop harvesting operations. *Attach additional pages if necessary.*

A. Wild Crop Management and Monitoring Practices

A wild crop must be harvested in a manner that ensures that such harvesting or gathering will not be destructive to the environment and will sustain the growth and production of the wild crop.

► Crops and parcels covered by these management practices: _____

1) How do you ensure that harvesting practices are not environmentally detrimental to the wild crop habitat?

2) Do you have additional people act as collectors of the wild crop?

☐ No, no additional collectors used ☐ Yes

a) If yes, describe how you ensure that all additional collectors are informed of your harvesting practices and monitoring procedures:

3) What percentage of the wild crop is harvested? _____

4) Please provide a specific description of how you harvest each crop:

5) What measures do you take to ensure the health and longevity of the wild crop population?

6) How do you monitor the health of the wild crop population and how often is monitoring performed?

7) What rare, threatened, or endangered plants and/or animals are found in the wild crop harvest area, and what steps do you take to address potential or actual impacts on these species resulting from your practices?
